Conference Overview

CONFERENCE HISTORY

ASFA, officially formed in 1981, has been the proud host to 32 highly successful scientific conferences. Last year's Annual Meeting in Scottsdale had over 400 participants, including registered delegates, exhibitors and other corporate representatives. The meeting is the only one of its kind that offers a focus on apheresis medicine in both the donor and patient settings. It is a key educational and networking event for physicians, scientists, and allied health professionals in the field of apheresis medicine.

ATTENDEES

The ASFA Annual Meeting delegates are evenly divided between MD and/or PhD clinicians and scientists and allied health professionals who practice donor or therapeutic apheresis medicine. Other attendees include regulatory professionals, corporate management, and marketing personnel. The large majority of attendees practice in the US. ASFA expects participants of the ASFA 2012 Annual Meeting to be similar to past years.
